Sir:

Listed on accompanying IDS Forms, PTO/SB/08A and PTO/SB/08B are documents that may be considered material to the patentability of this application as defined in 37 C.F.R. §1.56, and in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.97 and 1.98. This Seventh Supplemental Information Disclosure Statement is a continuation of Applicants' Sixth Supplemental Information Disclosure Statement filed on February 8, 2008 in connection with the above-captioned application.

A copy of document **NPL3** is provided. In accordance with 37 C.F.R. § 1.98(a)(2), a copy of U.S. patent, Document **US1**, cited on the attached IDS Form PTO/SB/08A is not submitted.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached IDS Forms based

on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

Applicants filed a Request to Reopen Prosecution in the above-captioned application on September 18, 2007, as provided under 37 C.F.R. § 41.50(b)(1), after receiving the Decision on Appeal under 35 U.S.C. § 134 of the Board of Patent Appeals and Interferences dated July 18, 2007. The application has not been acted on by the Examiner since the Request to Reopen Prosecution was filed. Thus, Applicants have a good faith belief that this Information Disclosure Statement is being filed more than three months after the U.S. filing date AND after the mailing date of the first Office Action on the merits, but before the mailing date of a Final Rejection, or Notice of Allowance, or an action that otherwise closes prosecution in the application. The required fee is provided through online credit card payment authorization in the amount of \$180.00 in payment of the fee under 37 C.F.R. § 1.17(p).

It is respectfully requested that the Examiner initial and return a copy of the enclosed IDS Forms, and indicate in the official file wrapper of this patent application that the documents have been considered.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
